Dear OSU Student,

Thank you for reading the 2009-2010 edition of The Ohio State University Renter’s Guide. This publication has been provided by the Undergraduate Student Government’s Student Life and Marketing Committee to make your search for housing in the off campus area easier and to help you make informed decisions. The next page will give you an idea on how the results were formulated with the help of the Student Life Research and Assessment office. The Renter’s Guide is one of several USG initiatives this year. Please check out our website to see all the other ways USG has been working to make this campus better for you, the students. Also, please feel free to contact us if you have any questions, concerns, or feedback for how USG might better serve you.

Enjoy the renting guide and GO BUCKS!
When reviewing Buckeye Real Estate students polled gave an average overall company performance of 3.2 out of 5 and 50% said that they would rent again from Buckeye Real Estate.

Overall 7.1% of student respondents felt that Buckeye Real Estate’s properties were Excellent, 50% good, 28.6% Average and 14.3% Below Average.

When reviewing University Village students polled gave an average overall company performance of 4 out of 5 and 100% said that they would rent again from University Village.

Overall 100% of student respondents felt that University Village’s properties were Good.
Purpose and Methodology

The data in the following report are intended to provide useful information about how previous OSU students living in rental properties perceived the level of service they received from their rental company. Survey participants were asked to complete online questions relevant to their experience with their respective rental company the previous year. We hope that this guide will continue to be a useful tool in helping you decide from whom to rent. However, it is important to gather as much information as possible before making your rental decision. A great resource for such information is the Off-Campus Student Services Office, located in the rear of the Longs Book Store office. For additional help in finding housing, moving in, living off-campus, and moving out, go to http://www.offcampus.osu.edu/housing.asp. We wish you good luck in your renting process.

The Undergraduate Student Government Renters Guide survey was administered in the autumn of 2009 to undergraduates who have lived in off-campus housing for at least one year. The sample included 2000 undergraduate students rank 3 and 4. The survey received 149 responses yielding a response rate of approximately 7.5%. Due to this low response rate caution must be exercised when generalizing to the student body of Ohio State University and students' opinions about their landlord/property manager. The following is a brief summary of the responses to this survey. Landlords that received less than four respondents in the survey were not included.
