The Ohio State University
OFFICE OF STUDENT LIFE
Dear OSU Student,

Thank you for reading the 2018-2019 version of The Ohio State University Renter’s Guide, provided by the Undergraduate Student Government’s Student Affairs Committee. It is our sincere hope that this publication will make your search for off-campus housing easier, and that it will allow you to make well-informed decisions in the leasing process. The following pages will provide you with data on landlords in the off-campus area, which was compiled from a survey commissioned by the Undergraduate Student Government (USG) and administered by the Center for the Study of Student Life. The Renter’s Guide is one of many yearly USG initiatives to improve the student experience at OSU; for more information, please visit our website to learn more about your student representatives and the work that we do. We welcome your feedback: please feel free to contact us if you have any questions, concerns, or feedback for how USG might better serve you.

Enjoy the Renter’s Guide and GO BUCKS!

Purpose and Methodology
The data in the following report is intended to provide useful information about the previous experiences of OSU students living in the off-campus area. This is done through surveying and evaluating the perceived level of service tenants received from the rental companies. Survey participants were asked to complete online questions relevant to their experience with their respective landlord from the previous year. We hope that you will utilize this guide to help you make an informed decision when choosing a landlord. An excellent resource for related leasing information is Off Campus and Commuter Student Services, located in room 3106 of the Ohio Union. There is a section outlining their resources at the end of this Guide. The Undergraduate Student Government Renter’s Guide survey was administered by the Center for the Study of Student Life in September of 2018 to undergraduate students living in the 43201 ZIP code. The sample included 2,000 undergraduate students. The survey yielded 550 valid responses, or approximately a 27.5% response rate. The Undergraduate Student Government would like to sincerely thank everyone who responded to this year’s survey.

Disclaimer
In publishing this information, neither the Undergraduate Student Government nor The Ohio State University endorse or support any company or business over any other; this survey simply provides a direct report of tenant opinions. Because the data contained in this section reflects opinions, different interpretations are possible. The abovementioned organizations assume no responsibility for reader, tenant, or prospective tenant interpretation or reaction to the data. Nothing included in the data is intended to give legal advice. If you have any questions regarding the law or its application in a certain situation, we suggest you consult Student Legal Services (studentlegal.osu.edu) or another attorney service.

Note
Regarding the second question on page 16 relating to security deposit amounts received: several property managers’ response rates were well below the average, skewing the results for those companies specifically. This was not due to students not receiving their security deposit, but rather due to the question not being applicable to them. Property managers that were most affected by this are noted.

The Off-Campus Housing Excellence Program is a comprehensive Student Life initiative designed to improve the quality of off-campus life. The program is currently offered for properties within the University District boundaries (N: Arcadia Ave., S: 5th Ave., W: Olentangy River, E: railroad tracks). Any landlord who wishes to register with Off-Campus and Commuter Student Services and owns and/or manages property within the University District boundaries is eligible to opt in to this free and voluntary program, inviting representatives from Student Life and the Columbus Division of Fire to walk-through their properties and assess them annually, generating a Buckeye Excellence Level for each property based on safety, security and sustainability features of the property. Information from past home walk-throughs is available through Off-Campus and Commuter Student Services’ online housing search (http://offcampus.osu.edu) for 12 months from the date of the walk-through. By focusing on safety, security and sustainability, Student Life aims to enhance the quality and amount of information available to students moving off campus.

Regardless of whether their landlord participates in the program, any student renting property within the University District is welcome to request their own home safety walk-through at http://go.osu.edu/ochep.
